Physical augmentation from Vitae to increase physical test pools is an exception to the +/- 15 limit.
   2. Player characters who must feed from vampires must feed from other player characters (not storyteller characters or other mechanisms).
   3. Vinculum:
      a. A Regent/Thall relationship exists only after the third step of a vinculum is in place.

G. Torpor
   In order to accommodate the real-time environment of the chronicle, torpor is modified as follows:
   1. For every six months that a character is in torpor, apply the following:
      a. Decrease Blood Potency by 1 (to a minimum of 1). No XP is refunded.
      b. Increase Humanity by 1 (to a maximum of 7). No XP is charged.
      c. Characters in torpor as of 15 December 2008 are affected as above on the next six-month mark from their date of torpor. (Example; Bob entered torpor at BP 8 and Humanity 3 on 15 August 2007. Six-month marks 15 February 2008 and 15 August 2008 have already passed. On 15 February 2009, Bob will be BP 7 and Humanity 4.)
   2. As Blood Potency decreases and Humanity increases, adjust the duration of torpor accordingly. (Example: Bob is BP 8 and Humanity 3 when he enters an injury-induced torpor with a chart-based duration of 80 years. After six months, he is BP 7 and Humanity 4 (normally a seven-year torpor), and now has only six years and six months of torpor left. After six more months, he is BP 6 and Humanity 5 (normally a six-month torpor), and awakens.)

Depending on the contributing vampire’s Resources, a Haven’s Library may contain relics, vases, old scrolls or other artifacts that don’t necessarily contain literal texts but rather inspiring or enlightening artistic or historical details. 27. Repute ● to ●●●●
   a. Within Kindred society, vampires might gain a measure of recognition apart from their clan and covenant dedication. The legendary tales or infamous deeds of the Kindred may spread through a region or through multiple regions, and the name of the vampire may grow to become renowned to vampires all over. Players of characters active in Kindred society (usually vampires, but sometimes ghouls may be socially active enough to qualify) who encounter the reputed vampire can test with the character’s Intelligence + the vampires’ Repute dots to see if the character has heard of the vampire. Once someone recognizes the vampire, the Repute Merit gives a +1 bonus to its mundane Socialize tests against the character recognizing it, as well as on mundane Persuasion (if the character is known in a positive light) or Intimidation tests (if the character’s fame slides more toward infamy). This adds to any bonuses from the character’s Status Merits if the target would be impressed by the status as well.

   b. This Merit is not applied for by the player; rather, it is granted via e-mail by the requisite level Storyteller when/if said Storyteller deems a given level of Repute appropriate.

   c. ●: Granted by Low Storyteller; the character is known by the vampires in its home city.

   d. ●●: Granted by Mid Storyteller; the character is known in the cities all around it.

   e. ●●●: Granted by High Storyteller; the character is known throughout its home Region.

   f. ●●●●: Granted by Top Storyteller; the character is known throughout its home Nation.

   g. ●●●●●: Granted by Top Storyteller; the character is known globally; it is a modern legend.

   h. As with Status, Repute does not cost XP if awarded. XP previously spent on this Merit is refunded.

28. Requiem [Danse Macabre]:

   b. ●●●● Adept: this applies only to tests in which the Discipline is included in the draw pool.

29. Secondary Status (Clan/Covenant): ●● or ●●●
   a. ●●: High Approval; application must at least include a sponsorship letter from a member of the clan/covenant. The character has strong ties to a clan/covenant other than its own, with the following effects:
      i. +1 to all mundane social pools against members of the clan/covenant.
ii. Members of the clan/covenant may include their own status in mundane social pools against the character.

iii. The character may benefit from (but not learn) covenant-specific powers.

b. Top Approval: application must at least include sponsorship letters from at least two Status 5 members of the clan/covenant. The character has the trust of the leaders of a clan/covenant other than its own, with the following effects:
   i. +2 to all mundane social pools against members of the clan/covenant.
   ii. Members of the clan/covenant may include their own status in mundane social pools against the character.
   iii. The character may benefit from covenant specific powers, and may learn up to the first dot of covenant specific powers (or non-dot powers – oaths, devotions, etc – that cost 10 XP or less).
   iv. A character may join bloodlines specific to that covenant as if they were members of that covenant.

c. A character does not gain the benefits of secondary status until the character’s IC backers(s) have announced the granting of status to the corresponding MES IC clan or covenant list and that announcement has been filed as a High Notification.
   i. In the case of infiltration this requirement may be bypassed with Top Approval. No other exceptions are allowed.

d. Secondary Status (Clan/Covenant) is recognized in-character as a level of Status equivalent to the mundane social bonus via a successful Intelligence + Politics test, and counts as such for the purpose of in-character mailing list access.

e. Secondary Status (Clan/Covenant) may be stripped in the same manner as Status (Clan/Covenant).

f. Secondary Status interacts with Ascendancy/Eminence as follows:
   i. If the character is openly a member of its true Clan/Covenant, then it counts toward and can benefit only from Eminence/Ascendancy of the true Clan/Covenant.
   ii. If the character is secretly a member of its true Clan/Covenant (i.e.: infiltrating the Secondary Clan/Covenant) then it counts toward and can benefit only from the Eminence/Ascendancy of the Secondary Clan/Covenant.

g. Grandfathering:
   i. Existing PCs with secondary clan or covenant status have until 1 September 2012 to have their secondary status announced as specified above, otherwise it is automatically lost. Prior IC announcements made before the implementation of this addendum may be used at the discretion of the High Approval Storyteller.
   ii. Previously approvals/purchases for Goodwill are grandfathered as approvals/purchases for the equivalent level of Secondary Status.

30. Sexualized [Ghouls]:
   a. Low Approval for ghouls, High Approval for vampires, Top Approval for other creature types (Low Approval for NPCs).

31. Shadow Cult Initiation [Mekhet: Shadows in the Dark]:
   a. Low Approval for approved members of a Shadow Cult.

32. Sin-Eater [Mythologies]:
   a. High Approval for Lancea Sanctum Confessors, Ordo Dracul Confessors, Circle of the Crone Maidens, and characters with the Hamartiaphage Discipline; Top Approval for all others.
   b. The Mortal requirement for this Merit is removed.
   c. A character may gain Humanity via the assistance of a Sin-Eater no more than once per a number of months equal to twice the character’s dots in Humanity; each instance requires a Low Notification by the player of the benefiting PC.

33. Source Sympathy [Ghouls]
   a. Low Approval for ghouls, High Approval for vampires, Top Approval for other creature types (Low Approval for NPCs).
34. Speaker for the Eclipsed [Invictus]
   a. This Merit cannot be used to receive mechanical benefits from NPC parts of the House.
35. Staff [Ghouls]: Low Approval for all venues. In Universal Addendum.
36. Status (City):
   a. The unmodified City Status dots of the Prince and Harpies count for purposes of
      determining the Eminent Clan and Ascendant Covenant in the city. The City Status points
      – which may potentially be higher than the unmodified City Status dots – do not. For
      more information, see the City Status Settings document.
37. Status (Clan and Covenant):
   a. Approval Levels:
      i. ● to ●●: Low Approval
      ii. ●●: Mid Approval
      iii. ●●●: High Approval
      iv. ●●●●: Top Approval
   b. Status (Camarilla) [Requiem for Rome]: Not Sanctioned
   c. Status (Clan):
      i. Holding status in a different clan than the character's real Clan: see Secondary
         Status.
   d. Status (Covenant):
      i. Changing Covenant Status: Mid Approval. This applies if a character has ever
         previously held Covenant status – i.e. if they are changing Covenant directly or
         have spent time Unaligned.
      ii. Access to Covenant-specific powers:
         a. A character must have at least a single dot of status to learn or benefit
            from Covenant specific powers.
            1. Exception: Secondary Status Merit (see above).
         b. Covenant specific powers are derived, in part, from the mutually shared
            respect and belief in the tenets of one’s covenant. If one leaves that
            covenant, through any means, the mutual belief is no longer present
            and the character loses their faction-specific powers. It is a separate
            Top Approval for a character to keep Covenant specific benefits of their
            previous Covenant if they change Covenant or become Unaligned. If the
            benefits are lost no XP is refunded.
      iii. Holding Covenant Status in more than one Covenant: Not Sanctioned.
      iv. Covenant Positions: There is no status requirement to hold Covenant positions.
         Some positions may require an approval to hold.
   e. Status (Wing) [Requiem for Rome]: Not Sanctioned
   f. Background: a character cannot enter play with more than 2 dots of Clan or Covenant
      status.
   g. After status is stripped in game, the character must wait a number of months equal to
      twice the dots of status they lost before they can regain that status.
   h. Cost: Clan and Covenant status is free.
   i. Determining Another’s Status: the draw pool used to determine another’s Status (Clan,
      Covenant or City) is Intelligence + Politics.
   j. Status Stripping and Expulsion:
      i. The Storyteller must inform the affected player when the declaration to strip
         status or expel from the covenant is made public.
      ii. Stripping status requires 10 x the level of status of the character being stripped.
         Expulsion from a covenant requires 20 x the level of status of the character being
         expelled. There is no requirement to have support from characters of the same
         status level (e.g. 50 status 1 characters may strip a status 5).
      iii. A public in-character censure of the target character must be made. This must
         have a clear out-of-character note explaining the attempt to strip status or
         expel from the covenant, list all characters (and their status) supporting the
attempt, and the total status in support. The note must give contact details of the supervising Storyteller.

iv. Characters may defend themselves by getting support from other characters opposed to the strip/expulsion. They have 14 days to gather support, from when the supervising Storyteller tells them of the attempted strip. The strip is cancelled if equal or more status dots oppose the attempted strip than support it. If a character who previously supported the strip changes their mind and opposes it, they must do so publicly and in-character.

v. 50% of the minimum support for a strip must come from within the nation of the character being stripped. If there is not enough status in a nation to make 50% achievable, that nation’s NST shall use their own judgment to decide if national support warrants a successful strip.

vi. All support and opposition to a strip must be made in a public, in-character fashion, either by announcement at a game session and/or by post on the appropriate IC mailing list.

vii. If a character fails to strip their target they may not attempt to strip the same target for 90 days.

k. Loaned Status

i. A character can loan their status to another character. The character receiving the loan is considered to have the same status as the character making the loan, in specified situations. The conditions that the status can be used in should be detailed, and the supervising Storyteller of the scene has final call on whether loaned status can be used in that situation. Loaned status is not cumulative with a character’s existing status. Loaning status is “all or nothing”, a character cannot loan part of their status. You cannot loan status outside Clan or Covenant (e.g. a member of the Lancea Sanctum cannot loan their Covenant status to a member of the Invictus).

ii. To use loaned status a player must provide an item card or other proof from the player whose character is loaning the status. This must provide; the name of the character loaning the status, their domain and region, their supervising ST contact details, verification of any approvals related to the status, and a short description of the situation the status may be used in.

iii. Loaned status is subject to normal status restrictions, based on the approval jurisdiction of the character loaning the status.

38. Stunt Rider [Requiem for Rome]:
   a. This Merit may be used with a motorcycle.

39. Swarm Mind [Gangrel: Savage and Macabre]:
   a. The character must already possess the singular animal form prior to purchasing this Merit for that form.
   b. The swarm created through this Merit may not inflict damage, except the damage inflicted by feeding (one lethal per dot of blood drained).
   c. This Merit may not be used in conjunction with the Husk Devotion.
   d. Attacks that target an area or multiple targets (e.g. shotguns, fireballs, Rain of Blood) damage swarms at full effect.

40. Tap the Torpid Mind [Invictus]:
   a. This Merit cannot be used to receive mechanical benefits from NPC parts of the House.

41. Taste of the Strange [Ancient Mysteries]: Top Approval.

42. Tenant [Damnation City]: Not Sanctioned

43. Tomb [Ancient Mysteries]:
   a. Sharing: the Haven Merit cannot be shared. While it may be included in a shared Haven – and while more than one character may have a Tomb located in a shared Haven – only the character owning the Tomb may benefit from it.

44. Torpor Connection [Invictus]:
   a. This Merit cannot be used to receive mechanical benefits from NPC parts of the House.
45. True Worm [Nosferatu: The Beast That Haunts the Blood]:
   a. Possession of this merit permits the character one additional Resolve action per
downtime period.
46. Unliving Anchor [Nosferatu: The Beast That Haunts the Blood]:
   a. ●●●+: Not Sanctioned for PCs
47. Unobtrusive [Ghouls]:
   a. Low Approval for ghouls, High Approval for vampires, Top Approval for other creature
types (Low Approval for NPCs).
48. Vassal [Damnation City]: Not Sanctioned
49. Vice over Virtue [Ancient Mysteries]: Not Sanctioned
50. Virtue’s Twin [Invictus]:
   a. This Merit cannot be used to receive mechanical benefits from NPC parts of the House.
51. Vitae Connoisseur [Ancient Mysteries]: Not Sanctioned
52. Will of the Dynasty [Invictus]:
   a. This Merit cannot be used to receive mechanical benefits from NPC parts of the House.

VI. BLOODLINES
A. Overall
   1. Bloodlines from sanctioned material or custom ones that were previously approved for play,
      unless otherwise specified:
      a. With a PC Sire or Avus: Mid Approval
      b. With a NPC Sire or Avus: High Approval
      c. Rediscovering a Bloodline: Top Approval
      d. Out of Covenant: Top Approval
      e. NPCs may be part of a bloodline at one approval level lower than normal.
   2. Blood Potency requirement: Characters creating or joining bloodlines before entering play must
      satisfy the Blood Potency requirements at the time they enter play, despite any background
      description of torpor after achieving the bloodline in the character’s history.
      a. “Rediscovering” a custom bloodline has the same Blood Potency requirement as
         founding a bloodline (i.e. BP 6).
   3. Activation of Sire’s Bloodline: A character at BP 2 can activate its sire’s bloodline if one of the
      following conditions applies:
      a. The character’s sire was already a member of that bloodline at the time of the child’s
         embrace.
      b. The character’s grandsire was a member of that bloodline when he embraced the
         character’s sire, and the character’s sire subsequently activated the bloodline.
      All existing activated bloodlines, even if they do not adhere to these conditions, are
      grandfathered.

B. Custom Bloodlines:
   1. New Custom Bloodlines: Not Sanctioned
   2. Entering play as part of a custom bloodline requires agreement from the player of the most senior
      character in that bloodline (usually the bloodline founder). This is not required for characters who
      find a way to join in game.

C. Bloodlines Affected by the Addendum:
   1. Characters with bloodlines from Bloodlines: the Chosen and Mekhet: Shadows in the Dark
      previously approved as members Camarilla contest bloodlines are grandfathered into the
      White Wolf published bloodline from the book without any changes on their character sheet
      (to Disciplines etc), and without any possible XP debt. Players who feel their Camarilla contest
      bloodline characters do not suit the book bloodline may revert to pure clan without going into
      XP debt. The Camarilla contest bloodlines with Bloodlines: the Chosen or Mekhet: Shadows in
      the Dark equivalents are now defunct. Camarilla contest bloodlines that are not mentioned in
      Bloodlines: the Chosen or Mekhet: Shadows in the Dark are unchanged, with the exception of the
      Licinii bloodline which is replaced by the version in Requiem for Rome.
   2. Adrestoi [Lords Over the Damned]:
a. The Adrestoi bloodline has their weakness changed to the following “Any Discipline which requires Willpower also requires the same amount of Vitae. Adrestoi may spend Willpower normally to affect rolls”.

3. Adroanzi [Ancient Bloodlines]: Top Approval without a PC Avus

4. Architects of the Monolith [Bloodlines: The Hidden]: Top Approval

5. Amara Havana [Ancient Bloodlines]: Top Approval without a PC Avus

6. Apollinaire [Ancient Bloodlines]: Not Sanctioned

7. Bak-Ra [Ancient Bloodlines]: Top Approval without a PC Avus

8. Bohagande [Bloodlines: The Hidden]:
   a. Top Approval
   b. Unless a character has the Occult specialization 'Bohagande' they do not know that a Bohagande aura is not a sign of diablerie. They should strongly suspect serial diablerie when they see such an aura.
   c. A Bohagande that has “lost” his secret name by some means (e.g., Dominate to remove the memory, an extreme effect of the Fog of Ages, etc.) cannot use the Sunnikuse discipline. Dots in the discipline are not lost; they simply cannot be used until such time as the character recovers knowledge of his secret name by some means (e.g., Dominate, extracting the name from his sire or avus, a quest to recover it from the spirit Crow, etc.).

9. Brothers of Ypres [Ancient Bloodlines]: Top Approval without a PC Avus

17. Empusae [Immortal Sinners]: Not Sanctioned for PCs (Low Approval for NPC use with the “Shattered Madness” and “Born this Way” plot kits, Top Approval for other NPCs)

25. Iltani [Ancient Bloodlines]: Not Sanctioned

26. Larvae [Requiem for Rome]: Top Approval

27. Les Gens Libre [Ancient Bloodlines]: Top Approval without a PC Avus
   a. Blood Compass: Top Approval

28. Licinii [Requiem for Rome]: Top Approval

29. Lynx [Invictus]:
   a. The bloodline discipline for the Lynx is Majesty, not Web.

46. Zelani [Carthians]: Top Approval

VII. DISCIPLINES, DEVOTIONS AND RITUALS

A. Overall
1. Disciplines at level 6 and above are not available (and cannot artificially be made available by any power).
2. Only player characters can teach Disciplines that require teachers as per MET Requiem. The basic Disciplines (those described in Mind’s Eye Theatre: Requiem) are Low Approval to learn, regardless of clan. Unique Disciplines cannot be taught to any character not of that bloodline, including ghouls.
3. Rituals (Crúac, Theban Sorcery, Veneficia, etc.) are not subtle, and require appropriate roleplay to make clear that the character is performing a ritual. The ritual must be roleplayed in an obvious manner, or at least by loudly announcing, “I am performing a blood magic ritual.”

B. Custom Devotions
1. Approvals: At this time, custom devotions beyond those already approved will not be considered for approval.
   b. Learning an approved Custom Devotion from a PC teacher: Low Approval.
   c. Learning an approved Custom Devotion from an NPC teacher: High Approval.
   d. Spontaneously learning/developing/rediscovering: Top Approval.
   e. Learning an approved Custom Devotion in background: High Approval, except as part of a custom bloodline application (maximum of two Devotions).
   f. A number of mechanically-similar or identical devotions are being condensed into a single devotion by the Global Rules Panel. A PC with a desanctioned devotion may switch to a mechanically-similar or identical devotion with Low Approval (or the minimum approval for the sanctioned devotion if higher than Low).
2. Development Time:
   a. A character must spend a number of months studying and developing, equal to whichever Discipline has the highest number of dots in the Devotion. This waiting period starts when the application is submitted. In addition, a character should spend a number of downtime actions equal to the total number of Discipline dots in the devotion in study and development.
   b. A character can only have one pending custom power application at any time, and can only be approved for one custom power which they developed themselves every 6 months of in-game time. E.g. as of August 2007 a chronicle length character should have no more than 5 custom powers they developed themselves.
C. Disciplines and Rituals Affected by the Addendum

1. Abjurism [Ancient Bloodlines]
   a. Cleanse the Mind: The number of successes must exceed the number of successes rolled during activation of the targeted effect. If the target power did not require an activation roll, only one success is needed.
   b. Break the Weave: If the target effect required an activation roll instead of a contest roll, the successes on Break the Weave must exceed the number of successes rolled during activation of the targeted effect. If the target effect had no activation roll, then use the contest roll described in the book.

2. Ars Speculorum [Mythologies]
   a. This Discipline can only be learned through the workings of NST approved plotkits. Mid Approval
   b. Quicksilver Shoes
      i. This power is sanctioned for NPC use only.

3. Auspex
   a. Clash of Wills: There is an editing error in MET Requiem pg. 159. Use this system instead;
      i. A character with Auspex that encounters a use of Obfuscate can draw Wits + Investigation + Auspex to establish a number of Clash of Wills successes. These successes last for an hour and are compared to activation successes for Obfuscate to see if the Auspex user can pierce them. The Auspex user needs more successes than the Obfuscate user, unless the Obfuscate power was activated under their direct observation, in which case they need equal successes to pierce the Obfuscate.
      ii. Obfuscate users must record the number of successes gained on activation of Obfuscate powers.
      iii. Players cannot redraw Clash of Wills or reactivate Obfuscate to achieve more successes. It is the players, not the characters, who know the number of successes.
      iv. Clash of Wills can pierce the effects of Obfuscate based Devotions or, at Storyteller discretion, other illusory effects.
   b. Aura Perception
      i. The system for this power is replaced with that presented in Vampire the Requiem (WW25000).
   c. Feathers’ Flight, The [World of Darkness: Shadows of Mexico]
      i. High Approval; should be reserved for characters of Mexican history or descent.
      ii. This power cannot be purchased in conjunction with The Spirit’s Touch or Playback; a character may have one of these three powers.
   d. Playback [New Wave Requiem]
      i. High Approval
      ii. This power cannot be purchased in conjunction with The Feathers' Flight or The Spirit’s Touch; a character may have one of these three powers.
   e. Twilight Projection
      i. A character in Twilight Projection can use the Auspex powers Heightened Senses, Aura Perception and Spirit’s Touch. No other powers will function, including Auspex based Devotions unless specified in their description.
      ii. A character whose body is destroyed while in Twilight Projection needs Top Approval to continue its existence.

4. Blood Oaths [Invictus]
   a. Definitions: For purposes of this Addendum, use the following definitions:
      i. Notary: the character performing a Blood Oath, whether or not taking part in the Oath himself.
      ii. Vassal: a character swearing a Blood Oath to someone else; this need not be a vassal in a formal vassal/liege relationship.
iii. Lord: a character having a Blood Oath sworn to her; this need not be a liege in a formal vassal/liege relationship.

b. Status Requirement: Certain Oaths require more investment in and/or trust by the Invictus than others. Status requirements are as follows:
   i. Oaths of Avoidance (Blood-Tell, Blood Knives, Oath Unsworn, Burning Blood) require no status in the Invictus to swear.
   ii. Mutual Oaths (Blood Alliance, Blood Service, Blood Loyalty) require the swearing character to be Acknowledged by the Invictus (Status 1 or Secondary Status 2), and must always be sworn by one of lower status to one of higher status. Two Admired Invictus (Status 5) may swear a mutual oath to each other.
   iii. Oaths of Performance (Running Blood, Bloody Hand, Blood Focus) require the swearing character to be Recognized by the Invictus (Status 2 or Secondary Status 4).

c. Creation of Custom Oaths:
   i. To create a Blood Oath, the player of a Notary submits the wording of the Oath - with specific names and dates omitted (i.e., a Generic Oath) - to the approvals database at the appropriate level for the chosen duration.
   ii. Once a Generic Oath is approved, the Notary can swear one or more characters to that Oath. Players of characters swearing to such an Oath are required to send notification by e-mail, within two weeks of swearing, to his Storytellers up to the approval level for the Oath, and must include the Notary’s approval number for that Oath.

   Example: The player of Notary Smith enters his text for a Generic Oath of the Bloody Hand for bodyguards to be used at large gatherings. The Oath has a duration of one week, and is thus Mid Approval. Once this is approved, other characters may swear to this Oath; their players much notify his Low and Mid Storytellers within two weeks of swearing.

   iii. Approvals: Blood Oaths require approvals based on the duration of the oath:
      a. Up to 1 month: Mid Approval
      b. Over 1 month, or indefinite/permanent: High Approval
      c. The following oaths do not require approval above Low and may be sworn without prior notification: Blood Alliance, Blood-Tell, Running Blood

d. Notifications: The party or parties obtaining benefits from the Oath must file a notification in the database (not by email) within two weeks of swearing or before portraying their character at another event, whichever is first. Notification level is determined by the approval for the Oath.

   e. Oaths of Performance (Bloody Hand, Blood Focus, Running Blood): must have a specific task which the vassal can complete. Protecting Danny Daeva at the Gainesville Gathering is an acceptable oath. Upholding the ideals of the Invictus is not.

   f. Oaths Affected by the Addendum:
      i. Oath of Blood Alliance:
         a. May be sworn between any two Invictus, regardless of relative status.
         b. A character can enter into this Oath no more than twice per night.
         c. If both parties do not know this oath, it may also be enacted by a 3rd party Notary.

      ii. Oath of Blood Loyalty:
         a. Top Approval
         b. There is no activation roll for this oath.
         c. A character can be sworn to no more than one Oath of Blood Loyalty at a time, either as vassal or lord (not both).
         d. The duration for this Oath is always Permanent. It ends only upon the destruction of one of the two parties to the Oath.
This Oath is mutually exclusive with the Oath of Blood Service, except that a lord may have one vassal sworn via Blood Loyalty in addition to other vassals sworn via Blood Service.

iii. Oath of Blood Service:
   a. High Approval
   b. This Oath must require the vassal to perform a task that takes up the majority of his or her time and energy. If the vassal fails to meet the requirements of the oath, he or she will lose access to the Disciplines of Largesse gained from it.
   c. A character can be sworn to no more than one Oath of Blood Service at a time as a vassal. A character may however have more than one such oath sworn to him as a lord.
   d. This Oath is mutually exclusive with the Oath of Blood Loyalty, except that a lord may have one vassal sworn via Blood Loyalty in addition to other vassals sworn via Blood Service.

iv. Oath of Blood-Tell:
   a. This Oath can be learned by non-Invictus without special approval.
   b. When sworn between two characters, only one needs to know this Oath. Alternatively, two characters without this Oath may swear to it via a third-party Notary.

v. Oath of the Bloody Hand:
   a. Mid Approval
   b. There is no activation roll for this oath.
   c. A character may spend vitae from the Bloody Hand in addition to vitae from his own vitae pool. The character’s Blood Potency limits how much vitae may be spent from the Bloody Hand in a single round. This is explicitly in addition to the vitae per round that the character can spend from their personal vitae pool.
      1. Vitae spent from the Bloody Hand may only be used for Healing Wounds or Physical Augmentation. The bonus for Physical Augmentation cannot exceed the normal limits imposed by the character’s Blood Potency.
      2. Vitae spent from Bloody Hand may not be combined with the vitae spent from the character’s personal vitae pool. (E.g., if vitae from Bloody Hand is spent for Healing Wounds, then vitae spent from the character’s personal vitae pool for Healing Wounds has no effect).
   d. Vitae in a Bloody Hand does not replenish.
   e. A character may not invest more than their natural, unmodified blood pool into the hand.
   f. Damage incurred by abandoning an Oath of the Bloody Hand is an exception to the prohibition against one-shot kills.

vi. Oath of Burning Blood:
   a. If the character swearing this Oath is willing, he can spend the Willpower Dot on behalf of the Notary.
   b. The bonus provided by the Oath to resist powers and effects which would cause the Oath to break can only be used if failing to resist the power, or effect, would result in the Oath breaking.

vii. Oath of Monomacy: Not Sanctioned

5. Blood Tenebrous [Book of Spirits]
   a. ● Pulse of the Invisible
      i. This power does not allow the user to perceive Strix.
      ii. Mid Approval
   b. ●● to ●●●●: High Approval
c. Drawing in the Devil: Top Approval. Bonding with a spirit of rank 2 or less works as described. Bonding with a spirit of rank 3 or greater does not provide any benefit.

6. Bloodworking [Mekhet: Shadows in the Dark]
   a. This Discipline cannot be combined with other Disciplines or Devotions, with the exception of Celerity, Resilience and Vigor. E.g., one cannot combine Fingertongue with the Husk Devotion.

7. Coils of the Dragon
   a. Anoushka’s Ladder [Ordo Dracul]
      i. The prerequisite number of dots in other coils prior to learning the first rung of Anoushka’s Ladder is reduced from nine to six.
      ii. Available only to the Sworn of the Ladder.
   b. Coils of Banes
      i. [Ordo Dracul]: Possession of this tier permits the character one additional Resolve action per downtime period.
   c. Coils of Beast
      i. Supernaturally induced Frenzy may be ignored with the expenditure of a Willpower at Level 1 and ignored outright with Level 3.
   d. Coils of the Soul [Ordo Dracul]

8. Crúac
   a. Ignore the Extended Actions and Sorcery sidebar, MET Requiem pg. 97. All costs and expenditures for a ritual are paid on the first turn of casting (unless the ritual description says costs are paid over multiple turns). The ritual is completed on the turn when as many successes as the ritual’s level are accrued. Only the final draw is used when opposing a resistance draw or determining the effectiveness of a ritual based on its description.
      i. E.g. A character casts Cheval, a level 1 ritual. On the first turn they pay the Vitae point inherent to Crúac. The player draws 3 successes. The target number of 1 success is met, the ritual is completed that turn. That was also the final draw of an extended test, so 3 successes are used to determine the ritual’s particulars.
   b. Spirit Crúac: See also the Spirit Cruac Settings Guide, available at: https://docs.google.com/open?id=0B0vqs1qpg-TmOTE1ZERMVHhjRmM

No damage is done by the wooden object to the ritualist. Note that this only affects wooden objects that are actively used in an attempt to stake the ritualist, not merely objects that happen to brush against the ritualist or that the ritualist himself reaches out and touches.

l. ●●● Hag’s Mask [World of Darkness: Shadows of the UK]
i. Clarification: The only traits which can be raised by vitae expenditure via this ritual are Intimidation or Defense. The increase lasts only for a turn.

m. ●●● Tiamat Offspring [Circle of the Crone]
i. Homunculi are treated as Retainers at Low Approval; successful use of Tiamat Offspring allows for the purchase of a special Retainer Merit. One Merit dot produces a creature with the statistics found in Mind’s Eye Theatre: The Requiem (pages 348-349). Up to four additional Retainer Merit dots can be added to the creature for improvements (each giving it ten experience points). The system for Better Homunculi on page 207 is not used.

n. ●●● Tickblood [Gangrel: Savage and Macabre]: Available to Gangrel characters only.

o. ●●●● Fount of Wisdom [Circle of the Crone]
i. Benefits obtained from Fount of Wisdom are limited by the user’s blood potency.

10. Despond [Bloodlines: The Legendary]
   a. ● Self-Doubt
      i. A subject unable to act because of this power may defend herself and act
         normally if attacked. "Act normally" does not include the ability to make a second
         attack.
   b. ●●●● Melancholy
      i. The test to see if the derangement is active should immediately be made.

11. Detournment [Mekhet: Shadows in the Dark]

    b. ●●●● Possession
       i. Use of this power does not grant access to the possessed mortals Skills
          (including Physical Skills).
       ii. This power automatically fails against targets that possess any greater
           supernatural template (e.g. vampire, werewolf, mage).
       iii. A kindred who is possessing is required to have their real body within
            the jurisdiction of the Supervising ST for the game (i.e. within the domain
            boundaries).
       iv. Kindred who wish to possess retainers that bear a likeness to any PC must clear
           such retainers with the VST prior to the game and may be required to make
           Disguise rolls for such.
       v. Look alike Possession bodies are High Approval.
       vi. A character possessing another body carries both a Kindred and Mortal aura
           when aura perceived. A kindred still has Predator's Taint while possessing. A
           Possessed mortal does not have a blurry reflection.

13. Embrocation [Bloodlines: The Hidden]
    a. This Discipline does not allow one to spend more Vitae per turn than BP allows.

14. Eupraxia [Ordo Dracul]
    a. ●● Grace of Eupraxia
       i. For the purposes of this power, the Vinculum does not count as a supernatural
          effect.
    b. ●●●● Zone of Forbiddance
       i. Successes achieved to overcome the power are cumulative.

15. Gustus [Bloodlines: The Legendary]
    a. ●● Befoul
       i. This power is a resisted test (ignore the reference to it being contested earlier in
          the write-up).
    b. ●●●● Disgorge
       i. This is a projectile attack. The target benefits from her normal Defense (as well
          as Celerity, but not Armor) like a normal physical attack. The amount of damage
          is determined by the number of successes. The cost is one Vitae per attack.
    c. ●●●● Puissance of Flesh
i. This power may not be used to acquire Disciplines unique to another bloodline; Attributes and Advantage increases from this power are still limited by the user's Blood Potency.

16. Hamartiaphage [Mythologies]
   a. High Approval to learn from a PC; Top Approval to learn from an NPC.

17. Hypnagogi [Ancient Bloodlines]:
   a. ●●● The Realm Between
      i. This power works on awake vampires, not torpored vampires.
   b. ●●●●● Tabula Rosa
      i. Only memories are lost, not Skills or Disciplines. For the purpose of this power a story is a single game session.

18. Insomnium [Bloodlines: The Hidden]
   a. ●●●● Blissful Sleep: If the targeted vampire is in combat, or enters combat after, the duration changes to 1 turn per success on the activation roll.

19. Institutionalize [Bloodlines: The Hidden]
   a. “No Institutionalize power can affect someone who is not part of a confined, defined, and regimented social group.” Storytellers should use their best judgment on whether this condition is met. If it is not met, the power does not work.

20. Lithopedia [Immortal Sinners]: Not Sanctioned for PCs (Top Approval for NPCs)

21. Linagem [Ancient Bloodlines]:
   a. ●●●●● Distant Mastery
      i. Using this power requires the approval of the lowest level storyteller over both characters. (e.g. VST within the same VSS, RST within the same region)

22. Loose Alu [Ancient Bloodlines]: Instead of the effect listed in the book this power normally only does lethal damage. If that damage would cause a target character to fall into torpor the effects described in the book happen instead. Resisted Draw: Resolve + Brawl + Blood Potency - Target’s Blood Potency. Failure does not cause an automatic drop of humanity.

23. Majesty
   a. ●●●● Barring the Bone Gate [World of Darkness: Shadows of Mexico]
      i. High Approval; should be reserved for characters of Mexican history or descent.
      ii. This power cannot be purchased in conjunction with Summoning; a character may have one or the other, but not both.
   b. ●●●●● Sovereignty
      i. Ignore the MET Requiem text describing this power being used against repeated aggressions. Sovereignty is only tested against any one character once per scene.
      ii. The character using Sovereignty makes a single draw, against which all opposing draws are made for the duration of the power.
      iii. The test result dictates if a character can attack the Sovereignty user for the rest of the scene.
      iv. An attempt to break Sovereignty doesn’t count towards the maximum number of characters who can attack the Sovereign vampire in a turn.
      v. Any attack (either physical or via damaging/harmful Discipline) made by a character using Sovereignty that is not in direct response to an attack by an opponent immediately voids the entire effect of the power for the scene.

24. Meminisse [Mekhet: Shadows in the Dark]
   a. ● Create Ties
      i. Blood ties created via this power are reciprocal.
   b. ●● Dipping in the Pool

25. Obfuscate
   a. A character using the third or fifth dots of Obfuscate may only initiate observational/perception tests against a target without breaking their Obfuscate effect.
   b. ● Cloak of Night
      i. This power is immediately voided if activated while the user is held in a grapple.

27. Phagia [Bloodlines: The Chosen]
   a. ● Mortal Balm: The armor created by this power is considered to be equipment.

28. Protean
   a. ! Aspect of the Predator
      i. Clarification: this power affects both the user and observer, both react to Predator’s Taint as though the user’s Beast is at least as large as that of the observer. If the user actually has a larger Beast than the observer, both are aware of such.
         Example:
         Adam Gangrel has Protean 1 and BP5.
         Beth Daeva has no Protean and BP3.
         Clyde Ventrue has no Protean and BP7.
         Adam Gangrel will see Beth Daeva as having a Beast smaller than his (fight response) and Clyde Ventrue as having a Beast of roughly the same size as his own (still a fight response).
         Beth Daeva will see both Adam Gangrel and Clyde Ventrue as having bigger Beasts than her own (flight response to both).
         Clyde Ventrue will see Adam Gangrel as having a Beast roughly the same as his own (fight response) and Beth Daeva as having a smaller Beast than his own (fight response).
   b. ● Haven of Soil
      i. Characters cannot move while interred in the earth with this Discipline.
      ii. The near torporous state that the vampire is in prevents characters from activating disciplines while melded.
   c. ● Claws of the Deep [Immortal Sinners]
      i. Mid Approval
      ii. This power cannot be purchased in conjunction with Claws of the Wild or The Jungle’s Sting; a character may have one of these three powers.
   d. ● Jungle’s Sting, The [World of Darkness: Shadows of Mexico]
      i. High Approval; should be reserved for characters of Mexican history or descent.
      ii. This power cannot be purchased in conjunction with Claws of the Wild or Claws of the Deep; a character may have one of these three powers.

   g. +2 to mundane perception tests with any sense
   h. +2 Defense if form is smaller than size 5
   i. +1 size (can be chosen twice)
   j. +2 bonus to non-combat task

iii. A character’s base Attributes remain unchanged in the new form. Reduced Size reduces Strength and Health level bonuses to a minimum of 1 but doesn’t count as an Advantage.

iv. Primarily aquatic forms have swimming as their primary movement type. Ground based movement is dropped to Speed 1, air-based movement is impossible.

v. Fictional and mythological animal forms are not permitted.

vi. Though MET: Requiem, pg. 194, states that a vampire in animal form is not subject to the Animalism Discipline, they can still be affected by Animalism: Leashing the Beast.

g. Returning to Human Form: Returning to human form requires an instant action and, per the text of the devotion, may not be affected by Instantaneous Transformation.

29. Ralab [Circle of the Crone]
   a. Unholy Avatar: The target of this power must be an NPC. A PC may not be designated as an Avatar.

   c. Multiple uses of Sunnikuse cannot affect the same test or contested test.
   d. Sunnikuse cannot be used to affect other tests to employ Sunnikuse.
   e. Jinx
      i. This power can affect only one of a particular character’s draws per scene.
      ii. This power does not give the user an automatic success. Instead, a card drawn that does not result in a success is redrawn. This doesn’t guarantee more successes than an opponent in a contested draw.
iii. Multiple characters can find their challenges ruined by this power once each scene, but only the first use of Jinx in a scene gives the Bohagande the redraw described above.

f.  Calamity
   i. This power causes the victim’s tests to automatically fail if they draw an ace or a two.

g.  Twist of Fate
   i. This power can affect only one of a particular character’s draws per scene, and cannot affect tests where damage inflicted would be increased.

The ritual is completed on the turn when as many successes as the ritual’s level are accrued. Only the final draw is used when opposing a resistance draw or determining the effectiveness of a ritual based on its description.
      i. E.g. A character casts Blood Scourge, a level 1 ritual. On the first turn they pay the Willpower point inherent to Theban Sorcery, and the Vitae required for the specific ritual. The player draws 3 successes. The target number of 1 success is met, the ritual is completed that turn. That was also the final draw of an extended test, so 3 successes are used to determine the ritual’s particulars (the weapon lasts for three turns).
   b. Prison of Denial [Lancea Sanctum]
      i. The effects of this ritual are negated if the subject is attacked by the person they are “denying.”
   c. Resistance of Discipline [Lancea Sanctum]
