

Application for Mind's Eye Society Board of Directors

Name: Martin Chamberlain

Email: us2002045191@gmail.com

Membership Number: US2002045191

Region: Southwest

Domain: Unconquered Sun, Sonoma County, CA

Statement of Intent

The club isn't a static entity. The club I fell in love with in college isn't the same club I love today. We are constantly shifting, changing, correcting course and looking towards the future. Over the last three years we have taken great steps to improve the inclusion and safety of our members and stories. We continue to be united by common goals and passions, wrapped up in friends new and old, and a shared hobby of make believe. This provides us with continual opportunities to refine the processes and policies that guide us, and the events that bring us together creating a club we can be proud of both for current members and those yet to join.

Since joining the MES I have gravitated to places where I can make the machine work a little better. I excel at process and procedural development as well as evaluating and incorporating member experiences. I am already well versed in the requirements, procedures, and challenges faced by the directors and the club. These combined with my five total years experience working with the MES Board is key for a voting director to help guide the direction of the club and its corporation. I look forward to being able to continue to shape the evolving needs and culture of the club.

Relevant MES Experience

MES Board of Directors Vice Chair - 2017 - Present

MES Board of Directors - 2015 - Present

MES Board Secretary - 2014 - 2015

Asst MES Board Secretary - 2013 - 2014

Domain Coordinator CA-058-D 2013 - 2015

NWRE - Photography Lead - 2013

XX Con Charity Lead -2012

DST CA-058D - 2006 - 2008

CC False Reflections 2002 - 2004

While this covers the list of official positions, I have at various points been an assistant, advisor, mentor, supervisor, editor or volunteer at all levels of the club across both the storytelling and coordinating sides.

Relevant Professional Experience

Away from the club, I am a software product quality engineer. I look at how a customer is going to interact with a process, and how the intent of the design will differ from real world usage. I analyze problematic patterns to find their root causes, help designers understand the needs of the customer, and provide training and guidance for other teams using a product.

Statement of Requirements

*** Have been a member for the prior 36 months from the end of application period.**

- I have been a member since 1999.

*** Must disclose any disciplinary actions that you received while a member of MES, or a member of the CCP managed US club**
